

Memo: Request for Approval to Attend ODTUG Kscope18, June 10-14, 2018, Orlando, FL

To: (Manager's Name) **Submitted By:** (Your Name)

Date: ()

ODTUG Kscope18 is the premier Oracle Developer conference that attracts Oracle experts from all over the world, but is still small enough to get the chance to share knowledge. This is my opportunity to learn from the best technical minds in the business and bring back knowledge that will enhance our organization. No other conference in the Oracle world features this kind of development-specific training and content, including lessons learned by other companies facing similar challenges and hundreds of opportunities to learn money-saving techniques.

Below are the reasons why my attendance at this conference is of value to our organization:

- 300+ technical sessions
- Four days of hands-on training no extra charge
- All-day symposiums no extra charge
- Great networking lunch-and-learn sessions with Oracle experts, vendor showcases, and special events
- Advanced sessions in ALL topic areas

The technical sessions are all based on tools and techniques we utilize in our daily work:

- Application Express
- BI & Reporting
- Big Data & Data Warehousing
- Data Visualization & Advanced Analytics
- Database
- EPM Business Content
- EPM Data Integration
- EPM Infrastructure
- Essbase
- Financial Close
- Planning

ODTUG Kscope18 is very competitively priced compared to other conferences in our industry. It's the most specific conference for people in this field. With its wealth of learning and networking opportunities, ODTUG Kscope18 is undoubtedly worth the investment. Visit Kscope18.odtug.com to read track descriptions and testimonials, watch videos, and more. I am hoping for your approval to attend this conference.

The early bird rate for registration is \$1,650 for Individual and Corporate ODTUG Members and \$1,800 for Associate Members. To take advantage of these discounted rates, please respond by March 19, 2018.

Thank you for your consideration.

Sincerely,

(Name)
